WORK EXPERIENCE

Senior Full Stack Developer Agile Digital Edge

03/2025 - Present

Remote

Achievements/Tasks

- **Built scalable products** that efficiently handled high user loads by architecting and integrating AI-powered features using **Python-based APIs** with **React.js** frontend, resulting in enhanced user experience and smarter UI workflows.
- **Developed robust backend systems** using **Node.js**, focusing on modular code, API-first design, and performance optimization to support scalable product architecture.

Full stack developer SoftRadix Technologies Pvt Ltd

02/2024 - 03/2025

Mohali, Punjab

Achievements/Tasks

- Developed and maintained scalable web applications using **React.js**, **Node.js**, **Mongo db**, **laravel** and **Tailwind CSS**.
- Collaborated with cross-functional teams to design user-friendly interfaces.

Web Developer Swap It Hub

01/2023 - 01/2024

Mohali, Punjab

Achievements/Tasks

- Architected and deployed full-stack applications leveraging **React.js**, **Laravel**, ensuring seamless user experiences across multiple platforms.
- Enhanced application responsiveness and cross-browser compatibility, leading to a 25% increase in traffic.
- Designed and implemented secure backend services and REST APIs, improving system reliability and data flow.

ACHIEVEMENTS

Implemented process automation workflows (Cron Jobs / Webhooks / Integrations) that reduced manual operations by 60% and improved team productivity.

Optimized slow DB queries and API endpoints, reducing average API response time from 800ms to 300ms and improving app performance significantly for end users.

PROJECTS

Aether Ai Website

- Created an intuitive and modern UI using **Tailwind CSS**, ensuring a responsive design for all device sizes.
- Deployed the app live, ensuring performance optimization and smooth user interaction across all major browsers.

Aether Ai Admin Panel

- Implemented **role-based access** for two user types: **Agents** and **Users**, with dedicated views and permissions. Created **interactive dashboard analytics** to monitor bookings, user activity, and engagement using dynamic API integration.
- Integrated **real-time chat** functionality using **Socket.IO**, enabling users to: • Book medicines via chat • Ask medicine-related questions and get AI-powered responses.

Sheydance Project (Admin + Website)

- Developed both **public-facing website** and **admin dashboard** with role-based views for **teachers**, **students**, and **admins**.
- Implemented **real-time booking system** where: • Teachers can create and manage their available slots • Students can view teacher availability and book dance sessions.

Digital Truth App Admin Panel

- Developed a secure platform using **React js** and **laravel**, allowing users to share documents securely.
- Implemented user authentication and encryption features, boosting platform trustworthiness by 25%.

Medical Chat Bot App

- Built an AI-driven healthcare chatbot using NLP that enables users to converse naturally with an AI assistant to get preliminary medical guidance and information.
- Integrated conversational AI with a clean, user-friendly interface for real-time interaction.

EDUCATION

Bachelor of Technology (B.Tech IT) Chandigarh Group Of Colleges Mohali

07/2018 - 07/2022

Pubjab, Mohali

12th Shiva Shiksha Sadan School Sonipat

04/2017 - 04/2018
